Programme Overview & Objectives

This is a four semester Programme. However students may take up to six semesters to complete. The programme is targeted at students who have the passion for innovation and creativity. The programme equips students to exercise initiative by transforming ideas into economic opportunities.

Today, there is growing evidence of a significant causal relationship between entrepreneurship, economic growth and poverty reduction. The Programme will equip students with robust entrepreneurial culture, which will enhance their economic and social success on a local, as well international scale.

The executive students' experience is enhanced through global traveling, interaction with experienced lecturers and international students in a form of conferences, seminars and workshops

Lecture Period

The Programme is run for 13 weeks, where lecturers are held in the evening from Monday – Friday at 6pm to 9pm.

Admission Requirements

Intake Option

There are two intakes in a year (February & August)

Requirement

A good first degree from a recognized university or an equivalent professional qualification. An executive student must have at least five year relevant work experience.
